

Design and make a model of a place to live on the Moon.

- What will your buildings be made from?
- How will they be built?
- What sort of things might be different when living on the Moon, compared to living on Earth?

**Year 6 Design and
Technology Summer
Challenge**

Here are some links to get you thinking

- [What will you need to survive on the moon?](#)
- [How might buildings in the future be made?](#)
- [What could life be like?](#)
- [Facts about the moon.](#)

When you have finished send me (Mr Lyell) the finished pictures or even a short film of your designs and your models, with your name and school to

e.lyell@gps.hlt.academy

Good luck, have a great summer and see you in September.
