

Solve the Sudoku

Solve the Sudoku below to reveal the circled numbers.

Each row, column and square must have each number between 1 and 9.

Once you have found all three circled numbers, arrange them in ascending order to reveal the code for the yellow padlock.

4		1	2	9			7	5
2	○		3			8		
	7			8				6
			1		3		6	2
1		5				4		3
7	3		6		8	○		
6	○			2			3	
		7			1			4
8	9			6	5	1		7
